

# Extension Agricultural Weather Report

February 07, 2022 - February 14, 2022.

## STATEWIDE CROP SUMMARY

(Data provided by the National Agricultural Statistics Service Crop Progress and Condition Report)

### General

There were 6.7 days suitable for field work. Precipitation estimates ranged from little rain in some locations to 4.1 inches in Hollywood (Broward County). The average temperature ranged from 50.6°F in Niceville (Okaloosa County) to 76.9°F in Key West (Monroe County).

### Livestock and Pastures

Pasture condition remained mostly poor throughout the state. Cattle condition remained mostly fair to good.

### Crops

A variety of fruits and vegetables were harvested last week. Some strawberry producers began double crop planting after harvest. Sugarcane affected by leaf burn was harvested early to limit yields loss. Rice planting began. Corn fields were prepared for planting.

### Citrus

Maximum temperatures were in the mid 70s to low 80s across the citrus growing region. There was very little rainfall reported; Vero Beach (Indian River County) received 0.16 inches. According to the February 17, 2022 U.S. Drought Monitor, abnormally dry conditions encompassed about half the citrus growing region, including portions of the northern, central, and southern areas, and all of the western area.

Early, midseason and late oranges; Honey, Royal, Tango, and Orri, tangerines; Minneola tangelos; and red and white grapefruit were all harvested for the fresh market.

Processing plants continued taking freeze damaged Valencia oranges, field run fruit, and grapefruit packinghouse eliminations.

Grove activities included fertilizing; herbicide, pesticide, and nutritional application; mowing; hedging; topping; removal of dead trees; young tree planting; and general grove maintenance.

Irrigation was run frequently in all areas, and canal and irrigation ditch water levels were reported to be low in some locations.

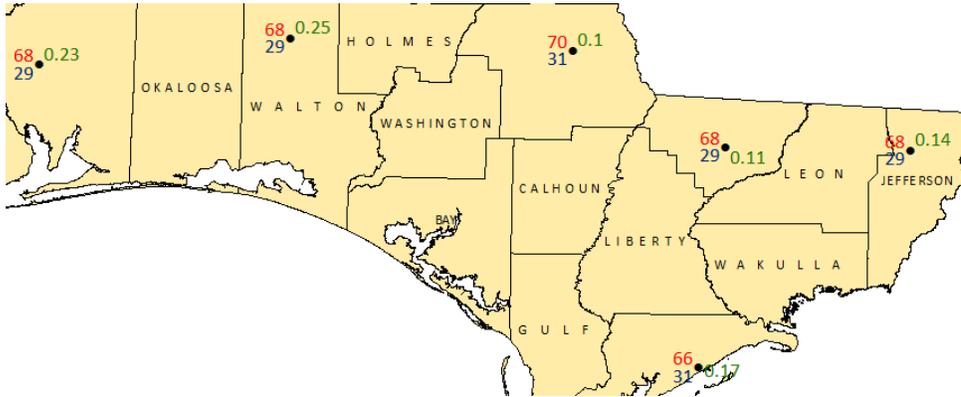

### Soil Moisture Summary

(Data provided by the National Agricultural Statistics Service Crop Progress and Condition Report)

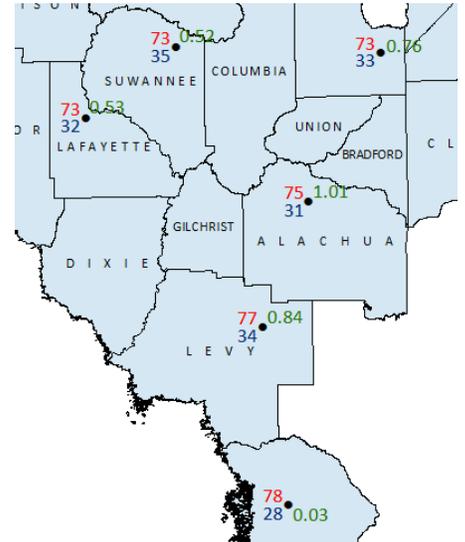

TOPSOIL	THIS WEEK (%)	PREVIOUS WEEK (%)
Very Short	5	4
Short	20	33
Adequate	68	59
Surplus	7	4
